Democratic Co. Convention
The Democratic voters of Carver County are requested to send delegates to a County Convention to be held at the School House in the Village of Benton, on Saturday, the 17th day of October, 1878, at 11 o'clock a. m., for the purpose of placing in nomination candidates for the following offices to wit:

STATE SENATOR.
COUNTY AUDITOR.
And for transacting such other miscellaneous business as may properly come before said convention.

The basis of representation is one delegate for each 20 votes and larger fraction thereof cast for W. L. Hamming for Governor at the last general election. The towns are entitled to delegates as follows:

By order of the committee.
F. E. DUTOIT, Chair.

For a lot of first class seeds commend us to the Editors of the Free Press. They are sour at themselves and all the rest of mankind.

The Democrats and Greenbackers in Iowa are "fusing" on congressional candidates, which means defeat to the Republicans.

The Republicans are getting frightened in Wisconsin, and have called upon Senators Wilson and Rep. Dummell to come to their rescue. Wise action on the part of the opposition will secure the defeat of the republican state and congressional ticket.

We publish the calls of the democratic and republican legislative conventions for the 3rd district of this county, in this issue of the Herald. Read them for particulars.

The address of Hon. Henry Pochler, delivered at the Carver Fair last Saturday, is highly spoken of by those who heard it. It was not lengthy but to the point.

The daily Volkszeitung has given "up the ghost." It expired last Monday. The weekly is still on its legs, but somewhat "shaky" on account of local dissensions.

The "Democrat" is the coming German weekly in this state. It is ably edited and worthy of a generous support.

STATE ELECTIONS.
The republican ticket is elected in Colorado by some 2,000 majority. The legislature is also republican by a decided majority.

The Democrats carry Delaware by an increased majority over last years vote.

THE DAILY & WEEKLY GLOBE.
The prospectus of the weekly and daily Globe appears in this issue of the Herald on third page. The Globe is a fearless advocate of democratic principles, independent of all rings, and a stern supporter of measures and men who will legislate to correct the evils that now oppress the country. The Daily will be furnished subscribers, postage paid at 60 cents per month, and the Weekly at \$1.00 per year also postage paid. See prospectus.

MEXICO.
Some War Talk at Washington.
If the minor officers of the State Department correctly represent the opinions of their superiors a trifling circumstance might create trouble between the United States and Mexico. One of the officers of the State Department to-day, in conversation with a gentleman who has spent much time on the Mexican border, said, referring to the recent information from Mexico, that the order to Gen. Ord would not be withdrawn, that our troops, if there was occasion for it would cross the Rio Grande, and that if they did cross in force they would remain there until they could command a treaty which should result in the permanent restoration of order on the border. Indeed, this under officer intimated that the acquisition of Mexican territory would be approved at least by some members of the government, and that a war with Mexico in the latter part of the present administration would not be impossible. The sum of \$100,000,000 was spoken of as a price not too small to pay for the acquisition of the desired territory. It is not believed that this under officer represents anybody but himself.

NORWOOD DEPARTMENT

Fair day was a lively one. About 50 head of cattle changed hands besides a car load of sheep and a few horses.

Norwood and vicinity sent a full delegation to the county fair.

Our Chiroprapist has turned to be a farming mill man he was on our streets Thursday, and the way he gave the farmers wind we think he will succeed.

Henry Fabel shipped the first car of barley this season. Minneapolis was the buyer.

Miss Minnie Post is visiting her friends in Norwood.

No 4 wheat is again worth 40 cents if that is any consolation to the farmers.

The "blackbirds" held their fall convention in Mixes woods, and he says they were about equally divided between Strait and Pochler, the "Pochlerites" making a little the most noise but when they started on their journey we saw that the "Straits" had the best "bottom." So mote it be.

We see that the name of George Mix is named by the "Free Press" as a probable candidate for State Senator. We do not think George has any ambition in that direction but if he has we see no reason why he might not as well be the "lamb led to the slaughter" as some of the older sheep of the "Republican masculine gender."

Mr. Pochler passed through our village recently and we were agreeably surprised to find him a true gentleman, and if he succeeds in the election we will be ready to extend the right hand of fellowship.

Your X. X. X. Correspondent hit the nail exactly on the head. We acknowledge Mr. Farber's success as a "muscular christian," but when muscle is used in preference to brains we think it wrong. Better let church building and parsonage repairing alone and attend to the "rotten foundations" of some of the members. We are decidedly opposed to having "croquet" or "warpententry" take place of good, sound, sober orthodox sermons—am sorry that your correspondent does not like the source of these notes but there is an old adage which says something about a X. X. X. &c.

MARRIED.
On Sunday Sept. 29th 1878, at the residence of the bride's uncle, by Rev. J. Rockwood, Mr. L. E. Booth to Miss. M. E. Cushman.
Congratulations are in order.

Watertown Items.
Grand opening at the new store. Call.
We will catch "bellerw-jucellah" in the Free Press this week.

Considerable excitement prevailed on the streets recently over the fact that an industrious granger had his grain attached for a debt. We know none of the facts, hence make no comment, but the part we got was rather "stale."

Dr. Lau Bach has a nice traveling rig and seems busy mending health.

We deny the Free Press charge that we are laboring with the Farmers Mutual Ins. Ass'n. We have not been found in such rotten campaign yet.

Your correspondent in company with Will Japs, foreman of the plow works "shambled" 25 fine ducks in a couple of hours the other day. When we take into consideration the thickness of the Free Press Cor. and a certain ex. P. M. we feel stupified.

The houses of Ed. McFadden and J. Brabe were recently struck by lightning, also a great many trees bear marks of the fluid. All of which goes to prove that this country is getting to be a "hot" place—just before election etc.

CAUGHT IN THE ACT.
The day-time was spent principally upon the quarter-deck, and the president entertained us with numerous anecdotes and incidents of his life, of the most interesting character. Speaking of the practice that grew up in the beginning of the war, for everybody that found himself in command at a cross-roads—or any other place, no matter how insignificant—to issue a grandiloquent proclamation to the inhabitants, defining the position of the government, and more particularly expressing his own views upon the situation, etc. Mr. Lincoln remarked that he had been so much annoyed by these manifestos that he had determined to put a stop to them. The first occasion that offered itself was when Burnside and Gadsborough appeared at the Executive Mansion to receive their final instructions in regard to the joint military and naval expedition to North Carolina. He called their attention to this subject, expressing very decided opinions in the matter. "Would you believe it?" said Mr. Lincoln; "when I spoke of proclamations, each pulled one out of his pocket that had been prepared in advance, without consultation. I had no idea of catching them in the very act!"

Father Tom Burke, the preaching Dominican, avers that "greater than Calvary is the altar of the Catholic church."

LEGISLATIVE DISTRICT REPUBLICAN CONVENTION.

A Convention of the Republicans of the Second Legislative District Carver Co., will be held at Waconia Minn., on Saturday Oct. 15th at 2 p. m., for the purpose of nominating a candidate for the Legislature.

The several towns of the district will be entitled to representatives as follows,
Benton 5 Hancock
Carver 5 San Francisco
Dubuque 5 Young America
C. A. BLONQUIET, Chairman.

SALE OF STATE LANDS.

STATE OF MINNESOTA.
LAND OFFICE.
St. Paul, August 28, 1878.
Notice is hereby given that the County Auditor will offer at public sale all the unsold school lands in the county of Carver at his office in Chaska on Saturday October 26th 1878, at 10 o'clock a. m.

All lands not owned by persons whose crops have been destroyed by grasshoppers, upon which interest is delinquent for more than one year, will be declared forfeited and sold, unless previously redeemed.

Part of the lands of the tract to be offered may be obtained at the Auditor's office in said county for two weeks prior to the sale.

TERMS OF SALE.
Fifteen per cent. of the purchase money and interest at the rate of seven per cent. per annum on the balance from the day of sale to the day of June 1st, 1879, will be required on the day of sale. On the balance an amount equal to the value of the timber will be required in addition to the fifteen per cent. After the first payment the balance of the purchase money in full, or in installments, is payable, at the option of the purchaser, at any time within thirty years from the date of sale, provided that annual interest thereon at the rate of seven per cent. is paid, in advance, on the first day of June, or within six days thereafter. Upon a failure to pay interest when due the lands revert to the State without further notice or process, and will again be offered at public sale, unless double the amount of interest due is previously paid. No land can be sold at less than the appraised value, which cannot be less than \$5 per acre.

O. P. WHITCOMB,
Commissioner.

NOTICE TO CREDITORS.

ANOTHER ACCIDENT.

Report reaches us from Benton that Mathias Bleicher, son of George Bleicher, met with an accident while threshing last Saturday, severely injuring his hand and forearm. It got caught in some part of the machinery and it was owing to his thick clothing that his arm was not totally disabled. He is now doing well.

COUNTY FAIR.

The Eleventh Annual Fair of the Carver County Agricultural Society was held at Carver on Friday and Saturday of last week. The entries were not so numerous, nor the attendance so large as in former years, but the exhibition was in many respects superior to any Fair ever before held in the County.

A very noticeable feature of the exhibition was the interest taken therein for the first time, by many merchants of the County, as manifested by the fine display of various kinds of merchandise, in the main Hall.

The display of vegetables although small was exceedingly creditable to the exhibitors, and the fine varieties of apples and grapes exhibited demonstrated the fact that Minnesota is destined to take high rank as a fruit growing state.

In exhibits of grain and other farm productions the display fell far short of the success attained in former years. The Barley, Rye and Corn exhibited were of superior quality, but the entries were few. The wheat shown was perhaps fully up to the average production of the year, but was by no means equal to the wheat generally raised in the county.

The stock entries were few, but numbered some very fine animals. In exhibits of agricultural implements, and labor saving machinery of all kinds the exhibition was a success.

We publish below a list of the Premiums awarded, and that together with a brief allusion to the prominent features of the exhibition is all we are able to give our readers this week.

On entering the main Hall, the first thing to attract our attention was the fine display of harnesses, horse blankets, whips horse brushes, &c., made by Messrs. Hammer & Heisterdell of Chaska. The boys were awarded the "blue ribbon" for the finest display in their line of goods, which is not at all surprising for every body knows that the harnesses manufactured by them are not surpassed, anywhere.

Mr. Donlan of Minneapolis, occupied the next space with a fine lot of Tomb Stones manufactured by the Northwestern marble works. The monuments were elegantly carved and elaborately finished, and attracted much attention.

Next in order was the tastefully arranged display of Photographs made by Mr. Harris of Carver, which fully sustained the exhibitors reputation as an artist.

Mr. Swanson of the Carver county card mill was next in order with a fine display of wool.

In fur over coats Messrs. Coke & Co. of Young America made a very creditable exhibition.

A. F. Maschopf of St. Paul exhibited some very fine organs of the justly celebrated Beyer manufacture.

In one corner of the Hall, Messrs. Holmes & Anderson of Carver occupied a large space in the display of clothing, hats, boots, dry goods, gent's furnishing goods, hosiery, notions and sundries. The display was one of the most attractive features of the exhibition.

The display of hardware and stores, was very fine and attracted much attention. Messrs. John Funk, Hebeisen & Peterson, H. R. Demay, all of Carver were the competitors in this line. A very noticeable feature of this portion of the exhibition was the tastefully arranged exhibit of cutlery and edge tools made by Mr. Demay.

Herman Erren of Chaska Bakery made an excellent display of cakes, pies, bread &c., which was universally conceded to be the finest exhibition of the kind ever made in the county.

Chris Goetz of Carver, made a very fine display of fancy groceries, smokers goods and notions, which was attractively arranged.

One of the most attractive displays was that made by J. S. Nelson of Carver, of patent medicine, perfumery, toilet articles, notions and druggists sundries, in connection with which was to be seen the curiosities exhibited by Mr. Wood.

The sargined instruments exhibited by Dr. E. H. Lewis, attracted much attention.

We have thus far made no mention of the beautiful display made by the ladies. It was our intention at the outset to pay especial attention to this department of the exhibition, but want of time and space forbids, and we can only say in passing that the ladies department constituted by far the most attractive feature of the exhibition, and the many beautiful things there exhibited elicited the admiration of all visitors.

Jacob Lahr of Helvetia had on exhibition his recently purchased stallion, which was universally admired.

Of the cattle exhibited the bull shown by Tobias Ottinger of this town, attracted the most attention.

As elsewhere stated we shall publish in our issue of next week the report of the Secretary of the Association, and we refer our readers to that for a particular mention of the exhibits made in the agricultural department, want of space compelling us to suspend this article at this point.

We are unable to review the list of candidates for the Legislature this week on account of space.

A CARD OF THANKS.

I extend my most sincere thanks to Rev. Father Braun, and other personal friends of my family, for their untiring attention to my mother during her sickness. Rest assured it will not be forgotten.

Chaska, Oct. 1st 1878.

ARNOLD HOEN.

FLOWER POTS.

Mr. Haggermann, is turning out a fine lot of flower pots in this city which he sells at prices varying from \$1.50 to \$3.00 per dozen. They are highly ornamented and of the very best manufacture. Call at our office or at the factory and examine specimens of his work.

DIED.

At his residence in the town of Chanhassen, on Tuesday morning, October 1st 1878, William Schutrop, aged 35 years.

It is with the utmost sorrow that we are again called upon to record the sudden death of one of our most prominent and respected citizen.

Mr. Schutrop was in his usual robust health last Saturday and attended the County Fair at Carver, and while on his way home, within sight of his residence, it being very dark, his wagon struck a stump, throwing him violently to the ground, the wheels of his wagon passing over his body from the hip up to and diagonally across the chest inflicting internal injuries which resulted in his death the following Tuesday morning.

Mr. S. was only 35 years of age and had for years past occupied a prominent position in the town of Chanhassen and was one of its town officers at the time of his death. He was also an honored member of St. Josephs Catholic Society of Chaska, and his untimely death is universally regretted by those who knew and appreciated his worth. He leaves a wife and 5 small children in poor circumstances.

His funeral will take place from the Catholic Church in this city this morning at 10 o'clock. The body and relatives will be met at H. Brinkhaus corner at 9 o'clock by St. Josephs Society and conveyed to the church when he will receive the impressive burial service of the Catholic Church. Rev. Father Wendlin officiating.

At her residence in township of Benton, on Saturday, October 23rd 1878, Maria Agnes Hoan, aged 71 years.

Mrs. Hoan was the consort of Peter Hoan, and had lived with her husband in the holy bonds of wedlock, for 43 years, and reared to man and woman estate four children, 2 sons and 2 daughters who survive her—one of the sons being our well known fellow citizen Arnold Hoan of Chanhassen.

The funeral on Monday was conducted from the Catholic Church, Rev. Father Braun, officiating, and was very impressive. A very large concourse of people followed the remains to their last resting place.

We are in receipt of a fine basket of apples from L. W. Stratton of Excelsior, which we are unable to suitably acknowledge in this issue. We will do so next week.

Otto Streissguth's store is filled up and running over with his immense stock of new and seasonable goods, which he offers at astonishingly low prices.

PREMIUM LIST.

We are under obligation to Secy. Warner of the Agricultural Society, for the list of premiums awarded at the County Fair, last Saturday. It was received so late, however, that we are unable to publish it in this issue, owing to a pressure of other matters. We publish a review by our reporter of all articles on exhibition which will pay a careful perusal.

BALL AT POPPITZ.

Democratic Ticket.

On account of a pressure of business we are unable to speak in detail of the candidates of the Democratic State and County Conventions this week, but will have something to say favorably in regard to the same in our next issue.

The Rev Gilbert De La Matry, elected to Congress by the combined Democratic and Greenback votes in the Seventh Indiana district, announces his intention of voting with the Democratic party. The same policy will be pursued by the Greenbackers elected in Iowa and Maine. Their election may therefore be fairly claimed as a gain to the Democracy.—Globe.

MANY of the editors of Republican and hard money newspapers through the country have done themselves but little credit to their comments on the results of the recent elections. Taking the first grossly partisan and evidently prejudiced reports of Associated Press as statements of fact, they have jumped at the conclusion that the republican party won a sweeping victory, and they lavished no end of abuse upon the Democrats and Greenbackers, denouncing the former as having sold out their principles for the sake of votes, and the latter as fit money lunatics and repudiators.

But he laughs best who laughs last, and with complete returns at hand showing a Republican loss of eight members of Congress, the Democrats and Greenbackers can afford to smile at the ill-timed exultation of their adversaries. A few more such victories as this for the Republican party would blot it out of existence. In this connection it might be well to suggest to the Republican editors that they learn to follow Davy Crockett's advice in the future: "Be sure you're right and then go ahead."

HENRY JOHN C. NEW, ex-treasurer of the United States, and a Republican of undoubted faculty, says of the effect of the Indiana elections: "It makes Hendricks the Democratic nominee in 1880. He has shown his powers as a leader when out of office from such men as Tilden and his associates. Hendricks is a grander character than many suppose him and has plenty of sand if put at the head of the ticket."

Time at last sets all things right and even those who have been in the habit of denouncing Gov. Hendricks as an arrant demagogue are beginning to find out that he is a grander man than they supposed him to be.

Le SEUR SENTINEL. We learn through S. R. Strecker that a son of Jam's Vickie, in Montgomery township, in this county, was beaten to death by a couple of boys in Rosemount, Dakota county, with whom there had been some previous difficulty. Young Vickie had been at work where he was murdered, and himself, and his murderers, and others had frequently played cards together, on one of which occasions the grudge was created that led to the murder. The body of the murdered young man was brought home by his parents, without holding an inquest, as they could not speak English, and, therefore, did not know what legal course to pursue. Whether the murderers have been arrested, or whether they have even been pursued, is not now known. An inquest was held by the coroner of this county soon after the body was brought home.

Republican County Convention.

The Republican County Convention was held at the Lake House, Waconia, on Saturday last.

Delegates were present from nearly every township in the County.
After disposing of preliminary business the Convention proceeded to nominate candidates.

A. W. Tiffany Esq., was unanimously chosen as the nominee for the office of State Senator.

The proposition to nominate a candidate for the office of County Auditor met with considerable opposition and it was finally decided that this nomination should be left blank for the present, and that the Chairman of the convention should have the power to place on the ticket the name of any good republican who may be anxious to carry off the office of County Auditor.

After the nominations were completed the committee on resolution reported, denouncing lavish expenditure in Co. matters by Co. officers and calling for the repeal of the special law of 1877 which regulates the salaries of certain county officers.

The last resolution reported was one which places the party on a hard money basis.

We understand that H. R. Denny Esq., was nominated by the Republican party for the house in the 2nd Legislative District.

Watertown Items.
The Free Press fearfully "worked up" over the "VALLEY HERALD" corpse.

R. Feglin of Holvicia has moved his steam threshing machine to this place and is "doing" the town.

Quite a number of Howardites attended the Mammoth Dattle Fair at Wretton last Monday.

The Free Press Cor., bursted another (c) pinion last week and went "spinning off on his ear. After the usual damages are righted we will proceed to "wind him up" again.

Geo., of the Free Press says we broke the sabbath killing ducks: Like to know which is the worse, shooting the "Preacher" a fine mess of ducks or playing "Pitch" all day.

The customary monthly excitement prevailed last Monday, it being monthly fair. The streets were completely packed from the Plow Works to the Brewery, and considering the drunks its strange our undertakers don't do a more thriving business.

There is a full band of water in the mill pond, and the mills are doing a lapidific business. We understand that the proprietors intend putting in another run of stones then it will be one of the very best mills in the county.

While at Waconia recently we were surprised at the neat and tasty appearance of the houses. Our town is looking disreputable and if some of our citizens would take a trip to Waconia, they might feel like fixing up.

A man who had a mule for sale fair day asked a friend, what he would expect to get if he owned the mule, "no mule in mine", said the friend I should expect to get the stuffing kicked out of me.

Communication.

TO THE ED. VALLEY HERALD:
I have watched with a great deal of interest the position recently taken by the "Free Press" of this Village on matters pertaining to the management of the affairs of the County, and desire to unite with "FAX PAYER" in commending the same. The Editors of that paper announce themselves as devoted exclusively to the interests of "the people" at all times and under all circumstances, and that it is their intention to support for official preferment, in the columns of their paper only such men as are in their estimation fit and proper persons to be entrusted with the interests of the people in whose behalf alone they are laboring. Now Mr. Editor a newspaper stands for the protection of the interests of the people, on the part of a newspaper, is certainly very commendable, and should receive the endorsement of all good citizens, and it grieves me to learn that there are those among us who are endeavoring to detract from the standing to which the disinterested efforts of the Editors of the Press have raised those gentlemen in the estimation of their fellows, by insinuating that the efforts of those gentlemen are not entirely disinterested but are put forth solely in their own interests and for the purpose of carrying popular favor. This Mr. Editor I assure you is not just to those gentlemen. I am aware that there is some force in the position taken by some that the present efforts of Mr. Benson to secure a reduction of the salaries of the County officers, do not accord very well with the efforts which he put forth at the time of his first election to secure an increase of his own salary, and I must confess that inasmuch as he has repeatedly announced that he should

not allow his name to be again used in connection with the office of County Supt., it looks as though he was willing that the salary of that office should be reduced for his successor, but Sir, Mr. Benson is not at all influenced in his advocacy of that measure by his intended relinquishment of the office, but has in view only the interests of the people, and he would undoubtedly have suggested the reduction long ago had he thought of it.

Then too, I am aware that there are those who claim that because Mr. Breidenhagen has been unsuccessful in his repeated attempts to get within the circle of county office holders he has become soured by disappointment and vents his spleen upon the County officials by attacking them through the columns of his paper. Such is not the case. Mr. Breidenhagen is entirely unprejudiced, and is immolating himself upon the people's altar, and it is very unjust to mention the Fable of the "Fox and Grapes" in connection with Mr. Breidenhagen's conduct in this matter.

Now Mr. Editor, I hope that you will give this a place in your columns, for I think that in these times, when the motives of all men who manifest a willingness to sacrifice themselves in the interests of the people are being continually questioned and doubts advanced as to the genuineness of the professions of such disinterested gentlemen as the Editors of the Free Press, it becomes the duty of good citizens to make public utterance of their faith in and commendation of such public benefactors.

Waconia Items.

The Republican Convention held at this place last Saturday was harmonious in every respect (only a little too much gas was heard from that short hand reporter of the "Carver Free Press").

Hon. A. W. Tiffany of Norwood was nominated for the Senate. We think it a good selection, for Mr. T. is an old citizen of Carver County and is well qualified for the position.

The Bierline Brothers Shooting Match and Dance was a success in every particular. Mr. Ohlman, of Chaska, shot the first turkey; F. Zimmerman the second. Chaska was well represented at the dance; among the number we noticed Messrs. F. E. DuToit, L. Streukens, W. C. Odell, M. H. Mayres, G. Ehrmantraut, P. H. Itis and many others. We were surprised not to see any one from Watertown. How is that?

We learned that a lively fracas occurred at a saloon in our village, no bones broken however. Two much benzine was the cause of the scrimmage.

Mr. W. Habek opened his new saloon last Sunday. Mr. Habek deserves a large patronage, his bar is stocked with the best of beer and liquors. Call and see him.

The Republican Convention for 3rd Legislative Dist., will be held on Tuesday the 22nd at this place. It was called for the 12th but was adjourned till the 22nd.

WM. H. MITCHELL.
For State Auditor,
MAHON BLACK.
For Clerk of the Supreme Court,
DILLON O'BRIEN.

CONGRESSIONAL TICKET

For Representative, Second District,
HENRY POCHLER.

COUNTY TICKET.

For County Auditor,
LEONARD STREUBENS.

LEGISLATIVE TICKET.

For Senator,
W. H. MILLS.
For Representatives,
1st Dist. L. L. BAXTER.

COL. L. L. BAXTER.

The Democratic Legislative Convention, 1st District, nominated Col. L. L. Baxter of Chaska for the House. The fact that he was nominated by acclamation attests his popularity. There is no doubt of his election by a very large majority.

CAPT. W. H. MILLS.

The Democratic party of this county, have nominated Capt. W. H. Mills of Carver, as their candidate for the Senate. The Captain is too well known to the voters of this county to need any extended notice at our hands. He has been a resident here for the last seven years, taking an active part in every thing that insured to the benefit of our county in more ways than one. It is also well known, to the farmers of this county, that for the past three years, or up to last fall, he was engaged in the business of wheat buying in Carver in opposition to the "wheat ring," fighting them single handed, and running the price of wheat up from 6 to 15 cents per bushel thereby being the means of putting thousands of dollars into the hands of the farmers of Carver County—for this reason if no other the farmers should rally to his support to a man and elect him to the Senate, where he can and will carry the war into the Senate Chamber in his behalf.

He has more over, represented his district in the Legislature for two terms with ability, and has shown himself to be sound on the school book and "swindling bond" question, and will always be found on the right side of all questions affecting the interest of the people.

Legislative Nomination.

Hon. H. R. Denny of Carver is the Republican nominee for the Legislature in the Carver District. Mr. Denny is a prominent business man of Carver and has twice represented his district in the House and has a good record. The Democratic nomination has not been made.

DEMOCRATIC TICKET.

We place at the head of our columns this week, the nominees of the Democratic Conventions. They are men of ability and integrity and should command the hearty support of the party in this county. The nominees on the county, Senatorial and Legislative tickets will undoubtedly carry the county before the election. The Hon. Henry Pochler, is now making a tour of the county and is meeting with success.

1st DISTRICT CONVENTION.

The 1st Legislative District Convention, Democratic, met at Poppitz Hall, Laketown, and was called to order by F. E. Du Toit. Leonard Van Slonn was called to the chair, and Fred C. Rieba, chosen secretary. After the usual routine business, Col. L. L. Baxter, was nominated as candidate for the House by acclamation. He accepted in a next speech.

The chair was authorized to appoint a central committee for the ensuing year.

The Democrats of Ramsey county have placed in the field the following ticket: Judge of District Court, Westcott Wilkin; Sheriff, James King; Auditor, S. Lee Davis; Judge of Probate, Henry O'Gorman; Senators, J. H. Reaney, C. D. O'Brien; Representatives J. N. Rogers, Jacob Mainzer, L. B. Hodges, James Smith, Jr., Lorence Hoyt.

Communication.

ED. VALLEY HERALD.

Several Editorials in relation to the salaries of County officials, have recently appeared in the Carver Free Press, which have a tendency and were evidently designed to create an impression in the minds of the citizens of the County that the officials of this county receive larger salaries than the officials of other counties receive for performing the same duties and that the Legislature in regulating and fixing the compensation to be paid by the several counties of the State to County officials, was unduly influenced against the interests of the tax payers of this county, and was induced to favor the county officials by special legislation.

These Editorials seem to demand that in justice to ourselves we make answer and give to the people who pay our salaries, and to whom alone we are accountable a candid statement of the facts, so that they may be able to judge as to whether or not they are being unfairly treated, and whether in fact they are paying more for having the county business transacted than other Counties pay for the same work. The Free Press claims that Carver County officials receive larger salaries than the officials of other Counties receive, and in proof of that assertion, it publishes a comparative statement, showing the salaries paid to Auditor and Treasurer by the Counties of McLeod, Sibley and Carver respectively, from which it certainly appears that the Auditor and Treasurer of this County receive more for transacting the business of their offices, than either of the other counties named pay, for the same work. But what does that prove? Absolutely nothing, and the Editors of the Free Press in furnishing that kind of proof to substantiate their assertions demonstrate to a certainty one of two things, either that they are entirely ignorant in relation to this matter or that they are attempting to impose upon the people by creating an unjust prejudice against the County officials.

Now let us look at the facts and from them determine how much weight is to be attached to the "figures" furnished by the Free Press.

By reference to the official census of 1875, it will be seen that the population of Carver County, is over thirteen thousand, while that of McLeod is but eight thousand six hundred and that of Sibley Eight thousand eight hundred, or in other words the population of either of these counties, is about two thirds as large as the population of this county. But the Free Press will say that the population of the respective Counties is not the proper criterion by which to determine this question. In so far as the difference in population, can be shown to effect a difference in the amount of work devolving upon the officers of the respective Counties, it is proper to allude to it as one fact among others which disproves the assertions of the Free Press. The amount of labor in both the Auditor and Treasurer's office depends entirely upon the number of separate descriptions in to which the property of the county is divided.

Now while the population of this County is largely in excess of the population of either of the counties named, the number of acres of land within the limits of this County does not much exceed two thirds of the number in either of those counties, and when we consider that this County contains six Villages while Sibley has but three, and McLeod only two, it at once becomes apparent that there are necessarily in this County many more descriptions of property to be entered in the County Books than in either of the other counties and consequently much more work to be performed by the officers, and as compensation to be equitable and just must be commensurate with the labor performed, we must take into consideration the amount of labor devolving upon the officers of this County as compared with the labor of officers of other Counties in determining which County ought to pay the largest salaries.

The property of this County is divided into over ten thousand separate parcels or descriptions and we venture the assertion that no County in which the compensation of its officers is fixed by the general Laws of 1877 has more than two thirds of that number, and when we consider that each description in the county must be handled at least six times, it will readily be seen that the labor of the officers of this County is much greater than the labor of the officers of other Counties. Now the Legislature in regulating and fixing the compensation of county officers should take into consideration the amount of labor which the condition of the property in particular county imposes upon the officers of that County, any other basis of compensation would operate upon official salaries unequally. To illustrate, in many counties the State the valuation of the taxable property exceeds that of this county, but in those counties the land is divided into large farms which decreases the number of descriptions and consequently lessens the labor of the officers. Now if you base the compensation of the officers upon

the valuation of the property the officers of those counties will receive larger salaries while performing less work than is performed by the officers of this county. In fact there is no inflexible rule which could with justice to all be applied to the entire State. In many counties the condition and character of the property and the labor created thereby, must be the criterion by which to determine the amount of salaries to be paid.

We do not understand that the Free Press claims that we receive larger salaries than we are justly entitled to receive in view of the work we are called upon to perform. The entire burden of its wall seems to be that because this County pays more than some other do, there must be a "nigger in the fence" somewhere. No mention is made of the fact that several other counties in the State are exempted from the operation of the General Law, nor of the fact that the salaries in many counties are larger than in this, although in no county is the work to be done greater in proportion to the compensation paid.

We claim that we are not paid one dollar more than we earn, and that there is not a private business in the State, involving an equal amount of money and requiring an equal amount of work, that does not require a greater outlay in its prosecution than this County pays for the management of its business—still if the tax payers of the County think they are paying more for transacting the County business than they ought to pay, a movement to repeal the law fixing our salaries will meet with no opposition from us.

One word in conclusion in relation to the "extra" compensation which the Free Press charges us with receiving. The Treasurer receives not one dollar in addition to his salary, and the Auditor receives no "extra" compensation other than the amount heretofore allowed by the Commissioners for making the Financial Statement, and with reference to that we have only to say that the Law prior to the late amendment made it the duty of the Board to make that statement, and the Board realizing that it would require a very long session to enable them to perform that work deemed it much cheaper for the County to hire it done by the Auditor, and as a matter of fact that course has resulted in saving many dollars to the County. However the new law places that among the duties of the Auditor and in future he can make no charge for performing it. This is all we have to say in relation to this matter and we submit this statement of facts to the people with the determination to quietly await the result of the agitation of this subject.

Chaska Oct. 22nd 1878.

COUNTY OFFICERS.

We are in receipt of a letter announcing J. J. Dougherty as an independent candidate for State Senator, but as the document is not in Mr. Dougherty's hand writing we hesitate to publish the same.

The official returns from Ohio shows that the combined votes of the Democratic and Greenback candidate for secretary of state give them a majority over the Republican candidate of 35,178. And yet the Republicans claim a great victory! When the Democrats and Greenbackers are united in one party—as they will be two years hence—where will the Republican majority be?—Globe.

Here and There.

Winter is approaching!
We had a light fall of snow on Monday morning. A reminder of winter.

There is some dissatisfaction in regard to the way the street lamps are distributed over town. We are one of those who think improvements might be made in this matter.

City Father Luss has built a splendid new barn on his premises.

The Catholic Church trustees are building addition to the church. It is frame.

Our street lamps were not lighted for several nights the past week. Has the oil given out? or is it the money?

We put in our paper one day ahead of time on account of election.

Considerable wood is being marketed in Chaska. Good dry maple wood brings \$3.25 to \$3.50 per cord. The brick yards are purchasing all the soft wood brought into town.

BIRTH DAY PARTY.

F. C. Riche, Esq., of this city, celebrated his 50th birth day last Thursday evening, by inviting a large number of his personal friends to an Oyster Supper at the parlors of the Washington House. The evening was pleasantly passed in social converse, speech making &c.

THE BRICK BUSINESS.

Our yards have closed their summer work. Messrs. Gregg and Trivelpiece are having a large kiln, containing over 200,000 bricks.

The Messrs. Weiss Bros. and Mr. McLeod still have a large number of brick on hand, but as the demand is active they will probably close out their supply before long. Mr. Warner has contracted for all of this.

MOVING &c.

Phillip Henk has moved into his new residence over the Hardware Store, and has fitted up a splendid suit of rooms. We have in-patched them and can truthfully say that he has as comfortable quarters as can be found in the village. Success Philip!

DESTRUCTIVE FIRE.

The alarm bell aroused our people from their peaceful slumbers last Thursday night, to find that the house of Matt Koslosky, situated in the lower part of town, was on fire and had already gained such headway as to preclude the idea of saving the building. Therefore the energy of our fire department and citizens generally was directed towards saving the personal effects of Mr. K.

The fire caught from a defective chimney and when discovered had already spread throughout the upper story and the rescue of the children was attended with difficulty and danger. Mr. K. lost \$98 in money in addition to fully \$150 worth of clothing and bedding in 2 story of the building. His total loss is fully \$500, with only \$150 insurance.

A RUNAWAY.

The spirited team of George Karcher, of the Union Brewery of this city, became unmanageable last Saturday, and ran away from George, throwing him down, the wagon passing over his ankle, severely bruising his foot. The team made a round of Henks block and brought up in front of the Chaska House, in tip-top shape and with no breakages worthy of mention.

There is no use of putting it off any longer, John, winter is setting in and we must buy our supply. The children want flannels and dresses, you must have an over and I must have a new cloak. I think we had better go to Streissguth's cheap store right away. They say he has the best assortment of reasonable and beautiful goods to be found in the county, while the price are very low, even cheaper than in St. Paul or Minneapolis.

POLITICAL RALLY!

Albert Scheffer and Arthur Koenig, of St. Paul, will address the citizens of Chaska at Concordia Hall on Sunday, Nov. 3rd 1878, at 2 o'clock p. m., on political issues of the day.

REAL ESTATE PURCHASE.

Herman Erren purchased at Mortgage sale, last Saturday, the brick house and lot formerly owned by Christian Ruedi. It is a valuable piece of property and was purchased at a bargain by Mr. Erren.

PERSONAL.

John O'Brien, of Chanhassen, dropped into our sanctum last Monday. We are always glad to meet friend John.

Sheriff Schnell and Mr. Brandt of McLeod County were in town Sunday looking after Pochlers interest. They report success.

Our old army friend Jacob Bongard of Benton, made us a very pleasant call on Monday while in town on business.

Charles Blomquist, of the Planters Hotel, Carver, was in town on Monday, shaking hands with his old friends. Charles's always welcome.

Adam Hill, made us a pleasant call on Tuesday while in town on business.

A W. Tiffany, Esq., passed through town on Tuesday on an electioneering trip.

W. M. Patterson, Esq., of Camden made us a pleasant call on Tuesday.

PEOPLES CONVENTION.

A Peoples convention has been called in the 1st Legislative District to nominate a candidate for the Legislature. We know not the intention of the leaders in this matter, but we believe they will consult their own integrity by endorsing Col. Baxters nomination. Time will tell.

Waconia Items.

The near approach of winter reminds us of the fact that it is time to see that our cellars are secure, houses banked up, broken pane of glasses refitted, wood sheds replenished and a general stock of supplies stored for winter. Do you mind!

Albert Kohler has just received a large invoice of cooking and parlor stoves.—Call in and see before purchasing elsewhere.

Mr. Andreas Schütz, our popular landlord, has the handsome buggy ever turned out of our shops. Messrs. Meier and Braun were the builders and it is credit to their firm.

The Catholic congregation put a new roof on the parish residence. A necessary improvement.

Work on the new mill is being pushed along with commendable energy.

2nd DISTRICT CONVENTION.

The Democratic Convention of the Second Legislative District of Carver County, met at Benton on Saturday the 25th ult., pursuant to call, for the purpose of nominating a candidate for representative.

Mr. Jno. Weinmann chairman of the committee called the convention to order. Messrs. Robt. Miller and Lucas Dols were elected by the delegates present to represent the town of Benton. Mr. Wm. Whitehill of Benton was elected secretary.

The nomination of a candidate for representative being in order the name of Dr. R. S. Miles of Norwood was presented to the convention; and there being no opposition Dr. R. S. Miles was declared to be unanimously elected.

Dr. Miles thanked the convention in a few appropriate remarks, pledging himself against all rings, and to do the best he could for his constituents if elected.

On motion Mr. Jno. Weinmann was elected chairman for the ensuing year. On motion the convention adjourned sine die.

HOME MADE CANDY.

Mr. H. Erren, of the Chaska Bakery has commenced the manufacture of his own candy, and we are ready to pronounce it equal to any sold in the State. He will also manufacture fancy candies and candy toys for the Holidays. We wish him success.

STREET WORK.

Our city board are engaged in grading several of our streets and are doing a needed work.

They are grading the hill near the new German church on the street running east and west. They are also grading the street east of Mr. Zimmers residence a needed improvement, as several accidents have already happened at that same place.

Watertown Items.

Arise and Sing.
Melroyne's Revivalist has croaked some pretty hard "nuts" the past week.

It is surprising how the Legislative Candidates are all confident of success in this district.

Pat Haverly on old time Watertown boy, will form a Listing Co-partnership with Miss Janie Burns of this place next Thursday. Both parties have our congratulations.

There seems to be a split among the Democrats on Mr. Mitchell in Waconia and as Adam Hill is mentioned, as an independent candidate an effort is in progress to get Wasschecker off the "course" to favor Mr. Mitchell.

live long enough some of them may possibly be saved I guess.—After looking over the newspaper correspondents he suddenly left town concluding that the worst had "just arrived."

The 3rd Legislative Democratic Convention was held at Helvetia, Saturday Oct. 20th, according to adjournment. On the informal ballot the vote stood, Macleod 2, Patterson 4, Vulford 2 and Adam Hill 1.

Mr. Macleod was then nominated by acclamation. Your correspondent was present but the proceedings—Well they had no business to have free beer.

The republican convention was held at Helvetia Monday, Oct. 28. After the first informal ballot, it was seen that Wesschecker was the choice of the convention, and after the first formal ballot he was declared unanimously elected. Judging from the appearances, the delegates did not fare as well as the democracy. "Call for what you want and pay for what you get."

For winter apples by the barrel at \$2.75, call at the Chaska Bakery.

MARRIED.

At Benton, on Tuesday, Oct. 29th by the Rev. Father Braun, Peter Wirtz to Miss Mary Reichner, daughter of Geo. Reichner.

The young couple set out in life with the best wishes of a host of friends who wish them a long life of happiness and prosperity.

TEACHER WANTED.

School district No. 13, Chanhassen, known as the Geyer district, is in want of a school teacher. Male or female teacher first applying will be engaged. For information call on Chanhassen, Oct. 28, 1878.
